BATTERY BAG 48V 50Ah

www.e-energysrl.it

E-Energy Srl

@e_energy_srl

- High performance lithium battery, long life and high discharge capacity (80 A)
- Compact, waterproof, portable for all applications
- Smart BMS with integrated short circuit protection and remote control application (residual charge, instant power, cell balancing)
- Possible customization of the output terminals
- 10A charger included

M6 screw poles

DATASHEET

Nominal Voltage	48V	Cell Type	Litio-ion
Voltage Range	50.4 V - 39.0 V	Operating Temperature	-10°C , 60°C
Max Continuous Discharge	80 A	Casing Dimensions	464x366x176 mm
Charge Current	10 A	Protection	IP66
Capacity	50 Ah	Weight	19 kg
Number of Cycles	+ 1200	Certification	CE/UN

- Assembled in Italy
- Technical assistance in Italy
- Product telephone support
- 2 year warranty
- Purchase consultancy
